AREA OF INTEREST

- Web Development
- Coding
- Learning
- Developing

As a recent graduate with a Bachelor's degree in Information technology, I am eager to apply my technical skills and passion for programming to a challenging role in software development. Through my coursework, I have gained experience in Java, SQL, web development, as well as valuable teamwork and problem-solving skills.

SKILLS

- SQL
- JAVA
- HTML
- Working with Datasets
- Basic of Python

PROJECTS

- An Enhanced Feature Selection Approach for Intrusion Detection using Machine Learning.
- Face Mask Detection using Deep Learning.
- University Admit Eligibility Predictor using Machine Learning.

INTERNSHIP

Internship on PYTHON from STRYDO Technologies pvt . ltd
2023

CERTIFICATES

- Cloud Computing by NPTEL 2022
- Project on University Admit Eligibility Predictor issued by ICT Academy 2022
- Data Science methodology provided by IBM 2022
- C Programming certified by IECD, Bharathidasan University 2015
- C Programming certified by IECD, Bharathidasan University 2014
